Waterproof and durable

Supportive 3D chassis

All-terrain grip

Secure Quicklace™ system

XA Pro 3D V9 GTX

Adventure in any condition.

Adventure doesn't stop when the weather changes. Built for runners who embrace unpredictable terrain, the XA Pro 3D V9 GORE-TEX combines rugged durability, advanced stability and waterproof protection to perform in the toughest conditions.

From rain-soaked forest trails to steep, rocky paths, its GORE-TEX membrane helps keep feet dry, while the 3D Advanced Chassis™ provides support and stability with every stride. Designed to handle the elements without compromising comfort, this shoe gives you the confidence to explore further, push your limits and take on whatever the trail brings.

01

CROSS HIKE GTX

Escape the ordinary.

Made for those who take the path less travelled, the Cross Hike GTX pairs lightweight agility with powerful grip and waterproof protection. Its flexible design makes steep climbs and muddy paths all part of the adventure.

style code L41118800

02

GENESIS 2

Find your rhythm.

Built for runners who embrace the unexpected, the Genesis 2 balances responsive cushioning and dependable grip. Designed for technical trails and long-distance adventures, it delivers comfort and control with every stride.

style code L49309200

03

XT-4 OG

Engineered for every terrain.

Originally designed for technical trail running, the XT-4 OG combines supportive cushioning, advanced stability and reliable traction. Its distinctive construction brings outdoor performance heritage into everyday exploration.
